About University

The ICFAI Group is a well-established educational organization with 11 universities, 9 business schools, 7 tech school, 9 law schools, and 3 pharmacy schools, boasting four decades of experience in flexible learning.

The ICFAI University, Raipur, founded in 2011, is a private institution recognized by the University Grants Commission (UGC) and holds membership with the Association of Indian Universities (AIU). Situated in Kumhari, District Durg, the university offers a diverse range of undergraduate, postgraduate, and doctoral programs. These programs span various disciplines, including Management, Information Technology, Science & Technology, Commerce, Law, Arts & Humanities, and Education. The university's 30-acre campus is equipped with modern facilities like academic blocks, libraries, laboratories, and computer centers. ICFAI University, Raipur is committed to providing career-oriented education, ensuring students gain valuable industry exposure through internships and placement opportunities.

About Faculty of Management Studies

The Faculty of Management Studies (FMS) at ICFAI University, Raipur offers a comprehensive range of programs designed to prepare students for dynamic careers in the evolving business landscape. FMS operates a four-year Undergraduate Program (BBA) with specializations in FinTech and Digital Marketing, and a two-year MBA Program with specializations in Business Analytics & IT, Human Resource Management, Finance, Digital Marketing, and Entrepreneurship. FMS also offers PhD Program.

To ensure industry readiness, FMS adopts diverse and innovative pedagogical approaches, blending theoretical foundations with practical applications. This includes case-based learning, industry projects, experiential exercises, simulations, and workshops, equipping students with the skills and perspectives required in the present-day business environment. FMS is committed to nurturing socially responsible leaders who can contribute meaningfully to society and the corporate world. The University's Corporate Resource Center (CRC) plays a vital role in facilitating placement and internship opportunities, ensuring the holistic development and career advancement of every student.

About the Faculty of Science and Technology

The Faculty of Science & Technology (FST) provides a comprehensive range of undergraduate programs, including B.Tech. degree in Computer Science & Engineering (with specializations in Artificial Intelligence & Data Science), Electronics & Communications Engineering, Civil Engineering, and Mechanical Engineering. Additionally, FST offers BCA and MCA degrees, along with M.Tech and Ph.D. programs.

FST is supported by a team of highly qualified faculty dedicated to fostering holistic student development. This commitment is realized through extensive industry exposure, robust placement assistance, valuable internship opportunities, and a diverse array of academic and co-curricular activities designed to enhance learning and prepare students for successful careers.

About IUR-HACKATHON 2025

What is IUR HACKATHON 2025?

ICFAI University Raipur proudly presents IUR Hackathon 2025, a dynamic platform

aimed at fostering innovation, problem-solving, and collaboration among university and college students. This interdisciplinary event brings together bright minds to develop tech-based or socially impactful solutions for real-world problems. Participants will work intensively in teams to brainstorm, prototype, and pitch their innovative ideas.

Vision: IUR Hackathon 2025 envisions empowering youth to become change-makers by building a strong culture of innovation and entrepreneurship across diverse domains.

Mission: To cultivate creativity, technological competence, and ethical leadership by engaging students in developing impactful, scalable, and sustainable solutions that benefit the society and economy.

IUR Hackathon 2025:

Problem Statements (SIH 2025):

https://sih.gov.in/sih2025PS

IUR Hackathon 2025 Themes: Category of Competition

- Coding
- Prototype
- Business Plan

General Expectations for Submissions

(7-8 hours):

- **Working Prototype:** The primary output should be a functional prototype (web application, mobile app, or a detailed UI/UX design with mock data).
- **Presentation:** Teams should prepare a short presentation (5-7 minutes) explaining their problem, solution, technology used, and future scope.
- **Code Quality:** While time is limited, basic code organization and readability

are encouraged.

- **Innovation & Impact:** Solutions should demonstrate a degree of creativity and address a real-world problem, even if on a small scale.
- Feasibility: Solutions should be realistic and achievable within the given timeframe and skill level of undergraduate students.

These problem statements are designed to be scoped for undergraduate students and the given time frame, encouraging creativity and practical application of their skills.

About the Event

- It is a State Level Hackathon.
- It is a 08-hour event starting at 08:00 am on the 24 of September 2025 and ending at 04:00 pm on the same day.

Presentation

Idea Submission Format:
