

Industrial visit at Star E Processor, Godi, Aarang by Faculty of Commerce

An Industrial visit was successfully done on 20th February 2026 for BCOM students of ICFAI University Raipur at Star E Processor Godi, Aarang (MOU Partner) under the initiative of the Commerce club.

We express our sincere gratitude to our MOU Partner Mr. Mehul Thakkar, Director of **Star E-Processor facility at Godi, Arang**, for formally presenting and spreading awareness about the operations of unit. The facility follows a systematic process of **dismantling, segregation, and environmentally safe processing of e-waste**, strictly adhering to sustainability norms and E waste Management. Through the adoption of **advanced European technology**, the unit ensures effective material recovery while achieving **zero hazardous waste generation and greener future**. The visit provided an opportunity to demonstrate the organization's commitment to responsible e-waste management, environmental protection, and sustainable industrial practices. Honorable Vice Chancellor Prof. (Dr.) Shiv Dayal Pandey, Registrar (Officiating) Dr. Archi Dubey and Dr. Abha Shukla (HOD) appreciated the efforts of the department for organizing such an impactful and industrial learning visit. The visit was coordinated by Dr. Ruchi Gupta, Faculty of Commerce.

Such a visit will help to inspire sustainable actions, and strengthen public trust in responsible e-waste management.
