

## **Two Days International Conference on Academic Integration and Sustainable Development at ICFAI University Raipur.**

In a grand display of intellectual unity and progressive ideals, The ICFAI University Raipur hosted a captivating two-day international conference on Academic Integration and Sustainable Development (Academy Integration and Sustainable Development). The event commenced with a beautiful tribute to Maa Saraswati, where floral wreaths adorned her statue, followed by the ceremonial lighting of lamps, and the enchanting notes of Rajgeet setting the stage for an extraordinary gathering.

Distinguished luminaries graced the occasion, including Professor Col. Umesh Kumar Mishra, the esteemed Chairman of the Chhattisgarh Private University Regulatory Commission (CGPURC), along with Dr. P.K. Bajpai, Professor and Dean of Guru Ghasidas University Bilaspur. The esteemed Vice-Chancellor of The ICFAI University, Dr. Satya Prakash Dubey, Registrar Dr. Manish Upadhyay, and Dean Dr. K. Kishore Kumar were also present, bringing an air of prestige and wisdom to the conference. Together, they released commemorative souvenirs, symbolizing the unity of purpose and collaboration in academia.

Vice Chancellor Dr. Dubey, in his opening address, commenced with a profound verse from the Gita, highlighting the indispensable need for interdisciplinary relationships in achieving sustainable development. Acknowledging the criticality of this hour, he extended his heartfelt congratulations to all attendees for the resounding success of the event, underscoring the importance of their collective efforts.

Over the course of the conference, researchers from India and abroad presented their groundbreaking research papers in four stimulating technical sessions. Notable contributors included Conference Co-Convener Dr. Archi Dubey and Asst Prof Naveen Kumar Vaishnav, Asst Prof Dr. Ruchi Gupta from the university, as well as Mr. Durgesh Maurya from the IT Cell, whose invaluable contributions were recognized and appreciated. The various departments of the university, led by coordinators like Dr. Piyush Kumar Thakur, Dr. Jaya Singh, Dr. Debendra Shadangi, Dr. Jayant Isaac,

Dr. Shiv Narayan Singh, and Dr. Pyali Chatterjee, played crucial roles as co-session chairs, fostering a vibrant and engaging academic environment.

Addressing the audience as a special guest, Professor L. K Maheshwari, former Vice-Chancellor of BITS Pilani University, eloquently conveyed that scientific progress transcends individual subjects and intertwines with various disciplines. He drew attention to the global impact of the COVID-19 pandemic, illustrating how it united humanity with its environmental repercussions.

Dr. P.K. Bajpai, the esteemed Professor and Dean of Guru Ghasidas University, emphasized the importance of quality education in sustainable development. He advocated for the integration of academic concentration programs with the subject matter, asserting that sustainable development extends beyond the environment to encompass the holistic growth of individuals. Highlighting the essence of true development, he stated that proficiency in technology alone does not suffice; it is the embodiment of discipline and the spirit of "Sarve Bhavantu Sukhinah" and "Vasudhaiva Kutumbakam" that paves the way for genuine sustainable development.

Throughout the conference, approximately 200 research abstracts were presented, showcasing the depth and breadth of knowledge shared among the attendees. Presiding over the event, the esteemed President of the Chhattisgarh Private University Regulatory Commission, Dr.(Col.)Umesh Kumar Mishra, emphasized the significance of accessing knowledge in the modern era while preserving the traditions that define our rich heritage.

On the second day of the International Conference, Associate Dean NIT Raipur Dr. N.K. Nagwani explained the applications of Artificial Intelligence through PPT, it has been a general concept that with the arrival of computers, all kinds of programs will be done, but this strategy proved wrong, otherwise the work load has increased since the arrival of computers, The reason for this is the increase in customers, increase in automation. As a guest speaker, Dr. K.Nizam emphasized the responsibility of everyone for the concept and implementation of the values of sustainable development. Inspector General of Police Arif Sheikh was present as the chief guest in the closing ceremony.
