

Report of Robotic Events

On the 26th of November 2023, the ICF AI University Raipur achieved a significant milestone with the organization of ROBOTIC EVENTS for students. This innovative approach mirrors the interface of innovation & technology, proving to be a game-changer for students and providing valuable experience in the world of ROBOTICS. Three fascinating realms, namely Robo Race, Robo Somu , and Robo Soccer were organized by the LUMINATECH FST-Student Forum.

Both students and faculties embraced this new innovative experience, participating in events that likely challenged their skills, encouraged teamwork, and fostered problem-solving abilities. The collaborative efforts within the university, particularly orchestrated by the LUMINATECH FST-Student Forum, showcase a commitment to providing students with practical, hands-on experiences in the field of robotics.

Congratulations to ICF AI University Raipur for this commendable initiative, marking a milestone in the integration of technology and education. The date, 26th November 2023, will undoubtedly be remembered as a day when students delved into the realms of Robo Race, Robo Somu, and Robo Soccer, gaining valuable insights and skills that will shape their understanding of technology in the years to come.
